

San Maurizio d'Opaglio, 30/03/2022

## SUPPLIER CONFORMITY DECLARATION

(according to ISO/IEC 17050-1)

**Giacomini S.p.A.** company, manufacturer of components for heating, cooling and sanitary distribution systems, located in Italy, San Maurizio d'Opaglio (NO), via per Alzo no. 39, whose design and production processes comply with the requirements of UNI EN ISO 9001:2015 standard,

**STATES** that

the hydraulic separators  
**R146I**

have been properly designed and manufactured  
using materials suitable to the distribution of water.

These hydraulic separators comply with the European Directive 2014/68/UE (previously 97/23/CE – PED) acknowledged by the Lgs.D. no.26 dated 15/02/2016 (and subsequent modifications and additions), published on the supplement of the Italian Official Gazette no.53 dated 04/03/2016.

It likewise confirms that:

- the subject products have been evaluated only under Table 9 of Annex II of the mentioned Directive and are free from marking, according to Art.4.3.

The application range of the subject dirt separators is the following:

- Water
- Maximum working pressure with water at ambient temperature (20°C):  
1 MPa (10 bar)
  - Maximum pressure of air vent operation:
    - 7 bar per la versione filettata
    - 5 bar per la versione flangiata
  - Maximum working temperature:  
110 °C per la versione filettata  
130°C per la versione flangiata
