

San Maurizio d'Opaglio, 14/10/2022

## SUPPLIER CONFORMITY DECLARATION

(according to ISO/IEC 17050-1)

Giacomini S.p.A. company, manufacturer of components for heating, cooling and sanitary distribution systems, located in Italy, San Maurizio d'Opaglio (NO), via per Alzo no. 39, whose design and production processes comply with the requirements of the UNI EN ISO 9001:2015 standard,

STATES that

the thermostatic heads

**R460: with liquid sensor, R468: with liquid sensor,**

**R470: with liquid sensor**

**are certified in accordance with CEN KEYMARK Certification Scheme  
and identified by the Licence Identity number 21.**

The above underlined models are explicitly reported into **Licence no. 01-GIA-TRV-H**  
granted by SIET S.p.A. for the use the **KEYMARK**

(Product Certification, current issue dated 06/04/2022 – valid until 20/01/2024),

as the valve bodies R401D and R402D in sizes DN15 and DN20,

R401F, R402F, R421F, R422F in size DN20,

R415TG, R435TG in size DN15,

R401TG, R402TG, R421TG, R422TG in sizes DN10 and DN15,

mentioned in the same certificate and tested with the above listed heads.

Since this certificate has been granted only after the successful results of the official tests foreseen  
by the European standard EN 215, Giacomini S.p.A. declares that:

*The mentioned valves can be considered **at low thermal inertia**, as requested by the Decree of the Italian  
Ministry of Economics and Finance dated 19 February 2007 (and subsequent modifications and additions)*

*"Disposizioni in materia di detrazioni per le spese di riqualificazione energetica del patrimonio edilizio  
esistente, ai sensi dell'art. 1, comma 349, della Legge 27 dicembre 2006, n.296".*

Giacomini S.p.A. declares under its own responsibility, to have controlled in its laboratories the behavior of the thermostatic heads, combining them with the valve bodies whose references are listed below and affirms that for these versions too, the response times are in compliance with those ones of the EN 215 standard.

Therefore, even if not included in the before mentioned Licence, the following products are considered at **low thermal inertia**:

- thermostatic heads R462 and R463,
- valve bodies R411TG, R412TG, R431TG, R432TG, R401PTG, R402PTG, R403TG, R411PTG, R412PTG, R415PTG, R401DB, R402DB, R411DB, R412DB, R415DB, R356B, R356B1, R357B, R357B1, R358B, R358B1, R438, R438-1, R440, R440N, R304T, R356M, R356M1, R357M, R357M1, R358M, R358M1, R436, R436-1, R437, R437N.

Moreover Giacomini S.p.A. declares that the abovementioned products are properly designed and manufactured, controlled at source either individually, or with the selective methods provided for by EN 215 standard.
